ESC Traineeships & Jobs: Managing Volunteering Projects (MVP)

In 2021 my experience under ESC Traineeships & Jobs program, as Project Manager at Poltistiko Ergastiri Ayion Omologiton, started. My tasks were focused on the management, dissemination, and administration of European projects, such as Erasmus+ and European Solidarity Corps programs. I was in charge of coordinating volunteering projects and their dissemination and promotion. The organization, Poltistiko Ergastiri Ayion Omologiton which is based in Lefkosia, was hosting volunteers from all around Europe. In 2020, I participated in a volunteering project under ESC (European Solidarity Corps - volunteering program) with the same organization. By the time my volunteering project was ending, I was offered the opportunity to stay and work under the program ESC Traineeships & Jobs as Project Manager. It was a valuable experience to learn and grow personally and professionally, I discovered the field of European projects and youth work.

I enjoyed working in an international environment, with young people from all around Europe. From this experience, I feel that I gained a mix of soft and hard skills and learned more about myself. Besides the project itself, I could explore the history, culture, mentality, and habits of the people who live on this crazy and lovely island full of contrasts and surprises.

I would recommend this kind of experience to all the young people who are looking for an enriching experience and who are not afraid to challenge themselves and their surroundings. I am very thankful to the organization for this opportunity and the program for this incredible experience.

- **Maria Kusheela Maroni, Italy - Managing Volunteering Projects (MVP)**
